

PRESS RELEASE

In the context of the decisions announced by the Romanian authorities regarding the preventive measures in case of Coronavirus infections, Azomures has taken a series of additional measures, specific to the company's activity.

Since the beginning of the situation, Azomures informed the company employees about the preventive measures and made available specific hygienic and sanitary materials. As the spread of Coronavirus continues and has reached Mures County we are taking the next level of instructions for all Azomures employees:

- Employees should notify their supervisor and stay home if they are sick.
 - Common signs of infection include respiratory symptoms, fever, cough, shortness of breath and breathing difficulties. If signs of infection occur, the employee must contact national and local public health authority.
 - Employees infected with the Corona virus or if they suspect that they had been exposed to the virus from any family member, neighbour etc. must report illness in accordance with Azomures normal routines and inform their direct manager.
- Large work-related meetings or events are cancelled.
- Contact with customers, suppliers or other external parties who have travelled to or through the affected areas should primarily be conducted via telephone or video conferencing – no face-to-face meetings.
- Visitors to Azomures who have travelled to or through one of the corona affected areas must not enter our premises.
- Business travel shall be kept to a minimum.
- Business travel outside Romania must be approved by CEO.
- Instead of travelling, bring meetings online via telephone or video conferencing.
- Azomures also recommends its employees to avoid private travel to any of the affected areas.

Azomures continues to monitor the events of the coming period and will align its preventive measures in line with the authorities' recommendations.
